### **RE: Trees For Tomorrow Grant Application**

#### **To Whom It May Concern**

On behalf of School District #61, I am writing this letter in support of Reynolds Secondary School's Trees for Tomorrow grant application as part of their larger Green Spaces initiative.

Our District takes it as its responsibility to ensure that every effort is made to conserve energy and resources in order to reduce the District's carbon foot print. We believe that greenhouse emission reduction is the joint responsibility of our trustees, administrators, staff and students.

In this light, the Trees For Tomorrow project will not only engage students and staff in a hands-on environment project but will also be a meaningful learning experience for the future; it will help students to make sound decisions in regards to energy conservation, foster future actions geared to protect and preserve the climate, and lead them to develop a strong sense of responsibility for their environment.

Thank you for considering the Reynolds' Secondary School application.

Sincerely,

A handwritten signature in cursive script that reads "Sherri Bell".

Sherri Bell  
Associate Superintendent
